About me

Front-End Developer & Python Developer with a proven ability to collaborate effectively with senior developers while spending extra time to be mentored. Enjoy working closely with team members. to ensure workloads are effectively redirected and personally picking up the slack when With a passion for both personal growth and for software development, I am enthusiastic and easily adapt the situation and always ready to deal with the problem and stick to the problem until I complete the problem. Always find a better & shortcut way to deal with the problem
